EMPLOYMENTS

March 2019 –

CEO/Consultant

Per Ström Efterlyst Konsultation AB (PSEK AB)

Freelance IT consultant focusing on software development and project management in industrial embedded systems and Amazon Web Services.

Current position:

Software Integrator @ Bombardier Transportation AB

April 2018 – Oct 2018

Consultant

C.A.G Mälardalen / Headlight

System developer focusing on Amazon Web Services.

Aug 2015 – April 2018

HMI System Engineer

Bombardier Transportation, Västerås

System engineer of a Qt/C++ real time based embedded application software running on HMI device (Driver display) using Linux architecture. In charge of a smaller team of developing and testing, both in-house and offshore.

Other key responsibilities and everyday tasks: Resource & planning. Integration and interface implementation with various sub systems using different network protocols, Alignment with end customer and other stakeholders.

April 2013 – Aug 2015

Software Engineer

Bombardier Transportation, Västerås

Industrial programming in coding standard IEC-61131-3 and software developing of Human Interface (HMI) applications. Experience of commissioning testing in China.

Oct 2012 – April 2013

Consultant

Framtiden and ÅF

Hired as a consultant at Bombardier Transportation's internal training program "Young Engineer" whose intention is to get a broad introduction to the company, which ultimately will lead to an employment.

May 2012 – Aug 2012

Project Manager

Hostit in Sweden AB, Västerås

Planning, resource allocation, monitoring of progress in both client and internal projects for a group of 4-6 persons.

Sales The role in sales includes client meetings (corporate), offering and contract writing, ongoing customer contact and additional orders.

Jan 2012 – April 2012

Bombardier Transportation, Västerås

Bachelor Thesis

The thesis was performed locally at the headquarters in Västerås where the task was to investigate whether a given problem could be solved by basing an already existing software on plug-ins to the software development environment Qt Creator in C++ instead of the existing solution in Visual Studio .NET and C#.

Sept 2001 – May 2012

Clas Ohlson, Västerås

Project Manager

Project member and project manager on the new establishments of Clas Ohlson stores in Sweden, Finland and Norway.

Sales

Whereas there were no store projects, I worked as a salesman in combination as campaign manager at the store in Västerås. As a campaign manager, you have the ultimate responsibility for all communication and inventory management between store and customer on current campaigns.

EDUCATION

*August 2009 -
April 2012*

Mälardalen University, Västerås
